

SCHEDULED RENOVATIONS

To our valued travel agent partners

AYANA Resort and Spa Bali is pleased to announce the renovation of 40 rooms from **Resort View, Jimbaran Bay and Deluxe Ocean View Room** categories, to enhance the comfort and overall experience for our guests. The renovations are scheduled to begin on 26 May and to be completed by 26 June 2012.

To minimize potential impact on guests, we have made a progressive schedule for this project to upgrade a few rooms at a time, and scheduled to fall outside of peak travel periods.

The upgrade will include:

- **sound-proof ceilings** to insulate against noise
- **new bathrooms** with rain showers, new mirrors, elevated bathtubs and adjustable mirror lighting
- **new décor** including bedding, indoor and outdoor furniture, fixtures and amenities
- **master light switches** to set lighting to individual preferences

This project follows the completion of 200 renovated rooms and suites in beginning 2012. Thank you for your continued support of AYANA as we seek to upgrade our facilities and enhance the experience for your clients and our guests.

Yours sincerely
